

## *bats 4 hair loss*

Hats 4 Heads was set up by sisters, Corinne and Suzanne, after Suzanne lost her hair through chemotherapy.

She, like many others, found it traumatic. The services that should have been readily available were non-existent and no one can imagine the stress experienced when trying to buy a couple of hats to cover a rapidly balding head. There's absolutely no fun in standing in the middle of a shop with a patchy head trying on tight uncomfortable hats - and don't even ask them the story of a big department store not allowing Suzanne to use the changing rooms!

For this reason, Hats 4 Heads aim to provide stylish hats for all ages with one main requirement: they must be comfortable for people who have lost their hair through illness

## *bats 4 helmet wearers*

Following a telephone call from a very lovely and caring Epilepsy Nurse, Hats 4 Heads now provide a stylish range of hats for every possible occasion.

In all cases customers can try on the hats in the comfort of their own home without feeling awkward or embarrassed. Please call to arrange an appointment.
